

We will be ensuring Covid-19 safety by:

- Following latest "tv production guidance" for COVID-19 procedures
- Providing PPE for all performers and tech staff
- Providing Siemens CLINITEST Rapid COVID-19 Antigen Test (99% accurate)
- Providing hand-sanitiser and cleaning all surfaces between/during acts
- Appropriate social distancing and ventilation
- Keeping in regular contact with all artists, ensuring they have multiple opportunities to raise concerns (it has been made clear, in writing, that artists won't be penalised for not performing, their services will be merely postponed).
- Keeping a regular watch on government and MU updates/guidance
